EJBCA Enterprise 7.4.0 released!

2020-07-06 - Rubina Akram - 0 Comments - in PrimeKey Release Information

The PrimeKey EJBCA team is pleased to announce the release of EJBCA 7.4.0

This release has been driven by our aim to become one of the most stable and easy to use PKI software suites out there, while still keeping a technological edge. To this aim we've put a special drive into making our automated testing more comprehensive and working on our bug backlog, fixing no less than 152 reported bugs in this release alone.

Release highlights include:

- Pre-produced OCSP Responses
- Ed255919 and Ed448 Support
- Approvals added to SCEP
- Google Safe Browsing Validator
- Cloud PKI Support
- Documentation Improvements
