SignServer Enterprise 5.4.0 Released!

2020-04-27 - Rubina Akram - 0 Comments - in PrimeKey Release Information

We are pleased to announce the release of SignServer Enterprise 5.4.0.

With this release, we have implemented a new Azure Key Vault Crypto Token as well as a JSON Web Token (JWT) Authorizer.

This release also brings support for keeping SignServer configurations and custom modifications in an external directory, shared between versions.

Release highlights include:

- Azure Key Vault Support
- JSON Web Token Authorizer
- Custom Folder for Configuration
